

ABOUT ME

I am a dedicated and enthusiastic BCA (Artificial Intelligence & Data Analytics) student with a strong interest in programming, data analysis, and emerging technologies. I am eager to learn new skills, solve real-world problems, and continuously improve my technical and communication abilities. I am a quick learner, hardworking, and adaptable, with a positive attitude toward teamwork and professional growth. My goal is to build a successful career in the IT industry by applying my knowledge and gaining practical experience.
